

**TO BE COUNTED YOUR LETTER MUST STATE THESE 3 DOCKET NUMBERS:**

98N-1230; 96P-0418; 97P-0197. Then say in your own words:

- FDA must do more than put Bacteria warning labels on egg cartons and regulate egg refrigeration temperatures.
  - FDA should prohibit the practice of forced molting because forced molting has been scientifically shown to promote disease by destroying the starving hens' immune systems.
  - FDA has jurisdiction to ban farm practices, such as forced molting, that injure human health.
  - FDA must ban the forced molting of laying hens because forced molting is a primary cause of infectious diseases in hens, eggs, and consumers of eggs. **THE CRUELTY & CONTAMINATION ARE LINKED!**
  - FDA was petitioned in April 1998 to ban forced molting. This petition should be granted without further delay.
